EXPERT CONNECT: Villa Lilly, An Exquisite Cliffside Villa Rental on the Amalfi Coast, Italy

Amalfi Coast, Italy

You can't help but feel like a star when you arrive (by land or sea) to the impressive Villa Lilly and have a glimpse of the breathtaking ocean views overlooking Positano to Capri. Literally built into the rocks, the expansive villa boasts a 10,000 square foot main house, an ancient (yet fully modernized) clifftop tower, a guest house, a one bed/bath beach house (ideal for nannies), a pool and a private dock.

The interiors are simply elegant in classic creams & white, blonde wood accents and intricate tile work—no wonder Villa Lilly has graced the pages of Architectural Digest—and each of the seven bedrooms has its own unique style. The many terraces look out on to the Tyrrhenian Sea, the largest is set-up for dining under the stars on the upper level and furnished with comfy chairs and sofas on the lower level. To add to the exclusivity, completely separate from the villa is the house for the live-in staff, including a chef who will prepare daily breakfasts & lunches and dinner upon special request—all prepared with ingredients from the on-site garden. Don't worry if Italian is not your first or second language, an Italian & English speaking concierge is available 24 hours to help coordinate daytrips, perhaps on the Villa's 40 foot speedboat. Villa Lilly is for those who want a truly memorable and luxe holiday, with nothing to spare.

From €7143/night.
